DEVI®

Touchworthy. Really says it all.

At DEVI, we believe that heating control should offer both installers and end-users optimum ease of use and total reliability. Which is why we have introduced the very first touch-screen electric heating control panel.

Continuously improving our products and solutions
We designed the new DEVIreg™ Touch in consultation with you and your customers. Based on what you told us you wanted, we have created the most stylish and – above all – effective heating control system on the market.

A touch of the future
With its back-lit, 2" touch screen, the new DEVIreg™ Touch controller brings the very latest in convenience to every home. As intuitive and easy to use as the latest smartphones, it provides a simple touch screen that you and your customers will instantly love using.

Electric heating regulation has never been easier. Or looked better. Find out for yourself!

The DEVI team

DEVIreg™ Touch

- The smartest, coolest-looking controller on the market
- Complements even the most chic designer interiors
- Ensures perfect comfort, exactly when it's needed
- Saves energy and reduces heating costs
- Unique 5 year warranty

… and all controlled from a simple touch screen!

1. Try it right away. It's an amazing tool.

Seeing really is believing
That is why we made a virtual version of DEVIreg™ Touch. It is a 1:1 copy of the actual product software, so you will be experiencing the real thing straight away! Available from the AppStore and Android Market, you can download the DEVIreg™ Touch application right now and start finding out for yourself how intuitive it is to program.

Your mobile has to be connected to the internet for the download but, once that's done, you can use it anywhere, any time, without being online.

Available on the App Store

Available in Android Market

Scan the code and try it right now
If you don't want to download the app now, you can also scan the QR code. You will then be connected to the virtual DEVIreg™ Touch so that you can try it for yourself, straight away. You can also bookmark it for another trail later on. You can use it as many times as you want, but you must be online when you do.

Showing really is selling
Apart from helping you to quickly learn how easy it is to set up, program and use the controller, the virtual DEVIreg™ Touch is also the ideal tool for showing your customers how it works – and once they know, they'll want one for sure.

The built-in set-up wizard guides you effortlessly through each stage, including ensuring the correct floor temperature to avoid damage to expensive or sensitive floor coverings. So you can actually show your customers how their system will be set up and just how easy it is to make adjustments – all at the touch of a smartphone.

*With the DEVIreg™ Touch we have taken **a full-circle approach**, where everything in and around the product is optimized at all levels in order to generate real value and help ease the lives of end users and installers alike.*

*From installation to performance and after sales maintenance the **DEVIreg™ Touch is a professional promise of reliability**. In this day and age everybody talks about reliability, convenience, and control. In my honest opinion DEVIreg™ Touch proves it.*

Jakob Lundholm, Applications and Product Portfolio Manager, DEVI

2.
Go to the website.
And become the expert.

touch.devi.com

You'll be using your new tool in minutes …
Visit the DEVIreg™ Touch website and you can begin exploring the key features as well as learning how easy it is to set up and adjust the new device.

We are sure that you will be confident using the DEVIreg™ Touch in less time than it takes to read this brochure. The website also allows you to download the virtual DEVIreg™ Touch tool to your own PC or laptop. And we have included product documentation, information about our warranty and plenty of other useful facts to help you really get to know this amazing new product.

3.
Fast and accurate set-up.

Fast and accurate set-up
The built-in set-up wizard guides you effortlessly through the process. We made it very intuitive and easy for you. Simply entering a few easy details like room type, floor surface and installed output will ensure perfect comfort while protecting valuable or sensitive floor surfaces. Job done. First time.

Multiple set-up via code
A unique feature of the DEVIreg™ Touch is the code system. When you set up the controller, you automatically generate a code. This code can then be used to program similar set-ups, or to provide remote service to your customers in case they need your help.

Easy trouble-shooting
In case any of the settings become corrupted – for example because your customer has changed something incorrectly, re-establishing the DEVIreg™ Touch to its original settings is easy. Simply use the built-in code system to do a remote re-setup. All you have to do is generate a set-up code via the virtual DEVIreg™ Touch or the web site, and give it to your customer. The device is so easy to use that your customers will be confident doing it themselves, saving you expensive call backs and site visits.

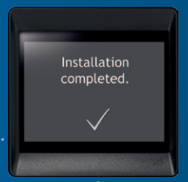
1. Follow the simple guide

When turning on the DEVIreg™ Touch for the first time, the set-up wizard will guide you through a series of simple, non-technical questions about the system you are installing. When you have

2. Or enter the set-up code

finished entering the appropriate values, the system automatically generates a "set-up" code that you can use for even faster commissioning of similar systems or for remote service.

3. Done!



Intuitive. Simple.
Job done.

4.
Place or replace. it's hassle-free.

One controller is all you will ever need
With the DEVIreg™ Touch in your vehicle, you will be equipped to tackle virtually any job that comes your way. Because it is compatible with a wide range of different frames and sensors, you can even effortlessly integrate DEVIreg™ Touch into existing systems – cost effectively and with a minimum effort.

Flexible and theft resistant
The specially designed 2-part construction means that fitting is as easy as clicking on and clicking off. DEVIreg™ Touch is ideal for 2-step installation, removing the risk of stolen thermostats that need to be replaced at your expense. Furthermore you are free to choose whether the controller comes with or without a frame. This saves throwing away a frame that you no longer need.

Complete peace of mind
DEVIreg™ Touch is the first product of this kind ever to offer a 5 year warranty. In the unlikely event that the unit does fail, we will send a replacement to the address you specify within 48 hours*. Simply contact us via the website and we will send a replacement to you direct – without you needing to contact your wholesaler or other third party.

* Expected time for delivery is subject to local postal services

5.
Tell your customers. And build your business.

- Enable Timer
- Away
- Frost protection
- Power off

Love at first sight
No more fiddling around with confusing knobs and buttons. Simple to reduce energy use, save money, and enjoy a more comfortable life. What customer doesn't value those things? As soon as your customers know about DEVIreg™ Touch, they'll want one!

Don't forget to leave your customers with our handy end-user leaflet. And remind them to visit our website!
