

TYPICAL APPLICATIONS

Applications	Suitable SSR & Power module
<p>Heater Control Molding equipment, packaging machine, plastic injection machine, machine tool control, digital program control equipment, hatching machine, light control equipment, air-conditioner control, etc.</p>	<p>HFS41 HFS34 HFS15 HFS28</p> 
<p>Motor Control Carrying machine, packing machine, motor control, music fountain, magnetic valve, greaser machine, three-phase machine, etc.</p>	<p>HFS20 HFS4 HFS41 HFS34 HFS15 HFS28 HFS24 HFS21</p> 
<p>PLC, Localizer controller PLC, localizer controller, DC electromotor, intelligent instrument, DC power source, etc.</p>	<p>HFS8 HFS40 HFS40A HFS27 HFS32 / HFS32D</p> 
<p>Home Application and Entertainment Control Air-conditioner, stage-lighting control, automatic office equipment, entertainment equipment, ATM, and other applications that request high frequency switching and silent operation, etc.</p>	<p>HFS5 HFS4 HFS34 HFS15 HFS28</p>
