

- **1967:** Founding by Jean PFIRSCH
- **1970:** Implementation in Haguenau industrial estate
- **1975:** Products range extension: cartridge heater - band heater
- **1977:** Premises extension 2000 m²
- **1978:** Material for Hazardous area development: B135-B200 EEXdIIC
- **1981:** Explosion proof range development: TPAEL-TPAEG EEXdIIC
- **1983:** Explosion proof range development: TPAE1** EEXdIIB /C
- **1988:** Premises extension 3500 m²

Boron Nitrid (BN) insulation heating element development

- **1991:** Exports department creation
- **1993:** ISO 9001 certification
- **1995:** Explosion proof range development : process flow heater RAC.AEIIIB/IIC
- **2001:** ISO 9001 certification version 2000 / ISO 14001

Explosion proof range development: TPAE** EEXe – EEXdIIB /C

- **2003:** ATEX – PED certification
- **2006:** Material development for explosive atmosphere: from -40°C to + 60°C ambient temperature
- **2007:** Explosion proof range development :TPAE 9001 EEXdIIC

ATEX

PED

- **2008:** GOST R - Rostechnadzor certification
- **2009:** ISO 9001:2008 - ISO 14001:2004 certification
